ATARA Hospitality is a global hotel owner, developer and operator based in Qatar with 45 years of experience and a growing portfolio of incredible luxury landmark hotels across the world.

The company was originally established in 1970 by the government of Qatar with the purpose of managing the Gulf Hotel, which currently goes by the name of Doha Marriott Hotel. In 2015, the company was renamed from Qatar National Hotels (QNH) to Katara Hospitality to reflect the company’s heritage and international expansion plans. These plans were to continue to pursue investments in remarkable hotels in Qatar while also growing a portfolio in key global markets.

As part of Katara Hospitality’s strategic vision, it continues to expand its portfolio of iconic hotels to invest and acquire in key sought after international markets, while also maintaining its strong position as market leaders in the hospitality industry at home. In Qatar, Katara Hospitality’s aim is to develop a portfolio of unique properties that are celebrated hospitality icons in the world. The organisation constantly strives to create and invest in extraordinary legacies that are aligned with its commitment to preserve history and cultural heritage. Katara Hospitality’s role is to play a key part in shaping the history of Qatar, where it has played a crucial role in protecting and building our iconic landmarks.

The company’s strategy is to focus on the development of its main areas of business: Murwab Hotels, The Bürgenstock Hotel Group which was launched early in 2015. The group manages an international collection of boutique upscale hotels and brands offering contemporary hospitality steeped in cultural heritage. Murwab Hotel Group currently manages properties under its three main areas of business: Murwab Hotels, The Bürgenstock Collection as well as a collection of independent non-branded upscale properties.

Looking forward, the company is now focusing on expanding its portfolio of iconic hotels to 65 properties by 2026 after surpassing its previous target by two years. In Qatar, the company has shaped the hospitality landscape for over four decades and today is part of the national infrastructure that grows alongside the country’s development. When it comes to global properties, Katara Hospitality does not focus only on acquiring iconic properties. In line with preserving heritage, Katara Hospitality also creates hospitality icons by turning assets that are its people, the talent that truly drives the business forward, delivering the end result of exceptional guest experiences in line with its heritage expertise.
